

#6093 - SLIC Phone Log.

5/1/97 Call to Mr Corp. Left msg for him to call.

#6093-SLIC Phone Log

- 3/25/97 Spoke w/ Rob Campbell re: 3/18/97 letter. Asked him to send results for 1.5 foot sample. He said he sent those results in January. Told him that we did not receive these results + to send again.
- 4/9/97 Discussed 1/23/97 letter w/ Rob Campbell. Told him Figure 1 did not appear accurate. He admitted it had many error - the boring (B-1) was actually located more to the south. He was planning on doing OE next Thurs. Told him we would be sending out a letter today.
- 4/14 + 4/16 Call from Greg Hilt. Has ?'s about permit to separate. Does not believe Terra Search pulled the proper permit (A).
- 4/16/97 Rob Campbell left a msg - field work rescheduled to
4/16/97 left msg w/ Rob Campbell to call re: access 4123 permit to County property
- 4/21/97 Asked Rob Campbell to call Greg Hilt + John Rogers to verify permit req's.
- 5/1/97 Calls w/ Greg Hilt + Rob Campbell. Work scheduled on site for today has been cancelled. Need to write letter + call Ken Garp.

SHI d 6093/SLIC

01/24/97

Returned Bob Campbell's call & left msg. Want to discuss his sample locations vs. Paul Smith's locations. Paul's samples came out @ 24,000 ppm @ 18 inches bgs.

01/29/97

Bob Campbell called - ND on all constituents except for 110 ppm TOC @ 1 1/2'. ~~Bob~~ Reminded him results of P. Smith's sampling (24,000 ppm @ 18"). Possible that results may be higher in the direction of that sample & to be aware of this when overexposed area. Also, told him I would contact Pat Haavic re: access to County Property.

01/31/97

Spoke w/P. Haavic re: access to County Prop. She said prop. owner should access from own property. Would need to get an encroachment permit -> John Rogers.

Called Rob Campbell & gave him info. from Pat. He said he plans to remove the Spanish Ranch fence & excavate vertically 2-3 ft & laterally from fence based on visual observation (~2-3 ft).

02/18/97

Returned call to Greg ~~Waller~~ X55235 re status on Spanish Ranch. He took this case over from Pat Haavic [OVER] ->

3/11/97 Greg West called to check on status.

3/11/97 left msg w/ Bob Campbell to call.

Reviewed w/P on 12/11/96

Issues

- * Site map. No scale. How do proposed sample locations relate to P. Smith's observations & sampling?
- * Unknowns & pesticides were observed to be stored @ this site. Need to analyze for:
 - Analyses for pesticides EPA method 8080
 - CHCs do EPA method ~~8010~~⁸²⁴⁰ instead ~~of 8010~~^{in the} ~~soil~~^{soil}
 - TEPH EPA method 8015
 - Semi-volatiles EPA method 8270

Run @ 1.5 feet & then hold 3' & 5' foot samples except for ~~soil~~⁸²⁴⁰ need to run @ 5 feet as well as WET test

⚡ H₂O samples may be req'd in future since very often CHC are found in H₂O but not soil.

- made call to Pat Shavick w/ Acco Flood Control
Mag was
- 1) Where is access to County Prop. from Granada Circle?
 - 2) What is DTW?

→ Where were the 3 soil samples collected on "County" property by P. Smith?

→ Where did Paul note that "a considerable amt of contamination to soil" exist on Spanish Ranch Prop. 4/02 County Prop.?

Cont. noted on County property. Sample(s) collected

→ Pat ^{Haavik} Haavoc (w/ AlCo Flood Control) ~~DTWA~~

670-6013 X 56013

7 AM - 3³⁰ PM M-F

2) Access to County Property

Paul's Schedule

12/16 Mon OK

1/3 Fri AM OK

12/20 Fri AM OK

following week OK

ALAMEDA COUNTY DEPARTMENT OF ENVIRONMENTAL HEALTH
MEMORANDUM

TO File FROM P. Smith DATE 10/21/96

SUBJECT tel con w/ Ken Earp (415) 451-1720 who questioned the dep
ref mechanism. I explained it to him and also informed him that
I intended to give this case to another case worker to oversee the
plan review in all other following work
He said he'd get a deposit refund check out to me.

10/22/96 - phone message to Hugh Murphy - HFD explaining the
case + Ala Co involvement that I would hand case over to
Amy Leech

Ala Co Pub. works.

11/4/96 tel con from Pat Haasik wanting to know status of clean up. Mr Earp has
a \$7. million law suit against Ala Co. for previous flood damage. I told Pat my plan
was to contact Mr Earp re: deposit refund payment and let him know that if no payment (or over)

300-CA-1-3/82

11/5/96 called
spoke w/ Mr Earp said
sent out dep/ref on

10/30.

mailed it to 1130

Acorn Bay Plung. I told

him address is 1131.

He said he'd re-mail it

ASAP if it came back

9/12/96

tel con Robert Campbell

faxed letter - & discussed

Ⓢ excavation next to cement wall

cleaning levels

Said workplan should be available for review next week

also discussed ^{initial} samples

backhoe → soil auger

9/23/96 - message from Pat Hauvik
re: status of workplan, dep ref
returned phone call

ALAMEDA COUNTY DEPARTMENT OF ENVIRONMENTAL HEALTH
MEMORANDUM

TO File FROM P. Smith DATE 10/1/96

SUBJECT called Sharon Brown and informed her that I had received a workplan from Terraresearch dated Sept 25, 1996 but still needed dep ref money from Mr Earp. She said she'd send him off a FAX

ALAMEDA COUNTY DEPARTMENT OF ENVIRONMENTAL HEALTH
MEMORANDUM

TO File FROM Paul DATE 8/26/96

SUBJECT tel con w/ Ken Earp / Richard Brown

discussed disposal of containers at the site

I discussed the reasons that I required a workplan

3rd party sampling, documentation

and waste worker training

The NOV Itr I sent said Sept 1, 1996 should have said Oct 1, 1996

I agreed to this change

ALAMEDA COUNTY DEPARTMENT OF ENVIRONMENTAL HEALTH
MEMORANDUM

TO file FROM Paul S. DATE 8/28/96

SUBJECT Spanish Ranch, 28400 Granada Circle

Personnel - Robert Campbell - (510) 837-7297

Requested samples of stockpile

Sampling ^{will perform} 5520 D & F, chlorinated 8240

Agreed to allow report to be provided by Oct 1 not Sept 1, 1996

Said will provide report to Mr Earp & County.

I also reminded Robert Campbell to inform Mr Earp of the necessity
of submitting a \$ 960 deposit.
