John Miller called on 9/27/2006 650-321-8886. He sold the property approximately 15 years ago. Did an environmental cleanup before selling site. Was concerned that something was happening to precipitate more work. I explained oversight account and was reviewing case to either provide a directive or close case. No requests to review had been received. He will contact the other individual on letter who should be the primary RP and should provide the deposit refund account.

John Miller called on 11/1/2006 to see if funds were deposited. Did not show up in Envision and I have not worked on case. He has not had contact with owner, he will write them to find out status.
