

Correspondence

3/25/97 - spoke to Mike McCellan of Warmington Homes. I mentioned to him that I have written the closure letter and is ready to go as soon as they send the deposit refund money. Also, I brought up the same issue with Frank Poss, the consultant in addition to confirming some closure issues and dates for soil removal.

6/6/97- received deposit refund money and sent the closure letter out for mailing.
