Project 9707

Subject: Seagate Fremont Building C Partial Facility Closure - Proposition 65

Dear Ms. Logan

I look forward to meeting with you February 17 at your offices to discuss our proposed clean up level and then to tour the areas being closed at Seagate's Building C in Fremont, California. As we discussed yesterday, I am enclosing a copy of 22 CCR 12700, the regulations implementing Proposition 65 for your review.

If you have any technical questions regarding this project, please call me at (510) 651-1257, 651-4846, or page me at (510) 607-8146. All other questions regarding this project should be directed to Jon Kawamoto at (510) 353-4760.

Sincerely,

Anthony S. McElligott, P.E.  
Principal

Project 9707

Subject: Proposed Facility Closure Clean-up Level, Deposit Refund Account payment

Dear Ms. Logan

I enjoyed discussing Seagate's Fremont facility closure project with you last Friday. Thank you for agreeing to assist Seagate, the City of Fremont Fire Department and myself in properly achieving closure. As you requested, I have enclosed the background information and calculations that we have used to develop the proposed clean-up level. For your convenience, I have also included copies of the reference materials used in the analysis. Please also find our check for \$2,000 for the deposit refund account for this project.

We hope that you will have a chance to review this material soon; we would very much appreciate a site meeting this week if at all possible. Ms. Sukla De of the Fremont Fire Department is available Tuesday through Thursday. The Seagate Project Manager for this closure, Mr. Jon Kawamoto, and I are available at your convenience.

Thank you for your assistance in reviewing our proposed health risk based closure clean-up level. If you have any technical questions regarding the proposal, please call me at (510) 651-1257, 651-4846, or page me at (510) 607-8146. All other questions regarding this project should be directed to Jon Kawamoto at (510) 353-4760.

Sincerely,

Anthony S. McElligott, P.E.  
Principal

c: Jon Kawamoto, Seagate
