Dear Mr. Brown,

Re: SHELL #13-5032, 1601 Webster Street, Alameda CA; RO2745

Alameda County Environmental Health (ACEH) has performed a preliminary review of the case file and has determined, though the site does not meet the State Water Resources Control Board's Low Threat Underground Storage Tank Case Closure Policy Media Specific criteria for Groundwater, this site may be eligible for closure. Groundwater monitoring at the site can be suspended until a formal closure presentation can be performed.

Regards,
Keith Nowell
