Mr. L Seto
Hazardous Materials Division
Alameda County Dept. of Environmental Health
80 Swan Way, Suite 200
Oakland, CA 94621

Dear Mr. Seto:

**Re: 10057 Tesla Road, Livermore, CA
R. Duperly**

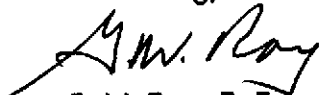

Further to my letters of Dec. 13, and Dec. 17, 1988, we have completed the sampling and analysis of all of the piles of soil and enclose a copy of the analytical results for your review.

The sampling was completed in accordance with the sample plans forwarded with the above referenced letters.

We request approval to return this soil to the excavation since none of the samples showed evidence of contamination with phenyl acetone.

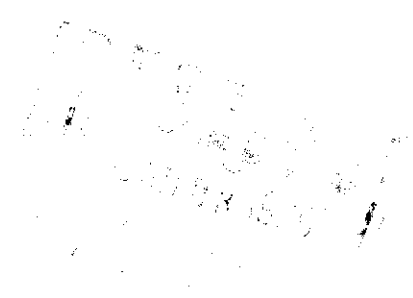

Thank you very much for your assistance in completing this cleanup.

Sincerely,

G. W. Roy, P. E.
Consultant

Dear Mr. Roy:

Attached is our analytical laboratory report for the samples received on December 27, 1988. A copy of the Chain of Custody form acknowledging receipt of these samples is attached.

Please note that any unused portion of the samples will be retained at our facility for approximately 30 days after the date of this report, unless you have requested otherwise.

We appreciate the opportunity to be of assistance to you. If you have any questions, please contact Client Services at (415) 426-2657.

Sincerely,

Ronald H. Peters, CIH
Manager, Laboratory Services
