RE: 10057 Tesla Road, Livermore, CA

Dear Mr. Duperly:

We have received your laboratory analysis from Clayton Environmental, dated January 11, 1989, for soil samples taken from four (4) stock piles at the above site. After consultation with Lester Feldman of the Regional Water Quality Control Board, the clean-up requirements have been satisfied, based on the available information for the above site. Further work could be required if conditions change or a water quality threat is discovered at the above site.

If you have any questions, please contact Larry Seto, Senior Hazardous Materials Specialist, at 271-4320.

Sincerely,

Rafat A. Shahid, Chief,
Hazardous Materials Program
