**Subject:** RE: HVAC Modification Documentation Due Date - Sunshine Cleaners

Daniel,  
I have extended the due date until August 5, 2017 on Geotracker. Hopefully this will be sufficient to identify a path forward for the HVAC system.  
Thanks for the update.

**Subject:** HVAC Modification Documentation Due Date - Sunshine Cleaners

Mark,

AGE is requesting on behalf our clients, an extension to the HVAC Modification Documentation. AGE is in the process of working with the clients and a contractor to evaluate the system at the restaurant. We will need to inspect the unit, as it is pretty aged and evaluate what will need to be done to complete this. We have a meeting scheduled once we produce cost proposals to meet at the site in a couple of weeks. I will nail down specific date of the meeting and when and if modifications can be made to the aged unit. If appropriate I can provide a more precise date when the modifications can take place and be documented.

Thanks for taking this into consideration, as it is hard to get all parties to connect with this project. But they do intend to keep making progress to assess and remediate issues at the site in a timely manner.

Regards,

Daniel Villanueva
