San Leandro, CA - 94577

Reference: 80 San Leandro Marina, San Leandro, CA - 94577

Dear Mr. Bakaldin:

In response to your request for site closure for the above referenced property, all pertinent documents have been reviewed by this Department.

Sixty four tons of soil was excavated subsequent to an investigation conducted on a waste oil spillage on the referenced property. The final confirmatory soil sample results indicate that the contamination has been remediated to a satisfactory level. Hence the site does not pose a threat to public health and no further action is necessary on the property with regards to the waste oil spillage.

If you have any questions, call me at (510) 567-6764.

Sincerely,

Madhulla Logan  
Hazardous Material Specialist

CC: Steve Morse, San Francisco Regional Water Quality Control Board
