**SUBJECT: Monthly Monitoring, Environmental Engineering Services, Industrial Asphalt Facility, Pleasanton, California**

Dear Mr. Hunt:

Kleinfelder is pleased to submit the results of our monthly monitoring and sampling activities at the Industrial Asphalt facility in Pleasanton, California. Field activities were performed on April 7, 1989. Water level and free product thickness data for the eight onsite monitoring wells are presented in the attached table. A summary of analytical data for the sampled ground water monitoring wells MW-4, MW-5, MW-6, and MW-7 is also included in this table.

Generally, as indicated by the data, the ground water table beneath the site rose as compared to the previous couple of monitoring rounds.

If you have any question,s please contact the undersigned.

Sincerely,

**KLEINFELDER, INC.**
