File 2198.17(ES)

Subject: Case Closure for Trident Truck Lines at 23724 Saklan Road, Hayward,
California

Dear Mr. Senna:

- The Alameda County Health Department has submitted a report which summarizes the investigation and cleanup of hydrocarbon pollution in the groundwater at the above site, and recommends that the case be closed. Regional Board staff have reviewed this report and concurred with this recommendation. Therefore, based on the available information for the above site, it appears that further investigation and cleanup of hydrocarbons are not necessary. Further work could be required if conditions change or a water quality threat is discovered at the site.

Sincerely,

Steven R. Ritchie
Executive Officer
