Mr. Schmier,  
Thanks for the phone calls and the discussion this morning. I was sorry to hear about your brother.

I've reserved time on Friday June 8<sup>th</sup> at 3 to 5 pm here in Alameda (address below, and on Bay Farm Island technically) to meet with you and perhaps the City of Emeryville, with my supervisor (I've copied her with this email: she was also at the last meeting in the City office). I don't know who at the City would attend with you, but they are welcome. I've been dealing with Nancy Humphrey, the environmental manager for the City, but don't know if she is aware of previous commitments by the City for the case. Her email is [nhumphrey@ci.emeryville.ca.us](mailto:nhumphrey@ci.emeryville.ca.us) if you wanted to contact her. You could also come with an environmental consultant, but you may want to wait until after the meeting to determine what the City might do.

Because our records are pretty sparse for the case, please look for any files you may have on the tank removal, or events since then. It may be that the additional information might be enough to get the case another step towards closure and resolve some of the questions that remain with respect to events or data associated with the case. If you do find any files, please bring them and we can take copies, or you can make them beforehand. Electronic are best, but paper will still be appreciated.

Please let me know if you have any questions, otherwise, we'll see you here next Friday.  
Regards,
