Subject: RE: ACEH Correspondence for RO2857

Tony,

Thank you for the June 28 letter with modified approval of our assessment workplan. As requested, Pangea is providing notice of scheduled field work. Due to limited availability associated with the July 4th weekend and vacations, Pangea plans to perform subslab probe installation on July 1 – 3. Subslab probe sampling is scheduled for July 2 and 3. Soil borings are planned for July 2 and 3.

Bob Clark-Riddell, P.E.

Subject: ACEH Correspondence for RO2857

Dear Interested Parties,

Attached is Alameda County Environmental Health's (ACEH) correspondence for your case, RO0002857.

Please add our e-mail address to your address book to prevent future e-mails from being filtered as spam.

Sincerely,

ACEH
