Phase II workplan sent to donna
has it been reviewed?
status of review?
would like to implment work
510-337-3800 x210

called her back on 2/14/05
2517 Blanding Ave. Alameda is the site
explained to ther that we have considerable back log and that reviewing the case files and the workplan will require about
60 days
she wanted to know how much it would cost in the end, i explained that billing is hourly, and the number of hours of my
time depends on the complexity of the case and on the quality of the reports submitted
my guess was 6-8 hrs to review initial files, 1-2 hours to approve workplan, and if final report is easy and clear, a few hours
to wrap it all up
