Subject: 6310 Houston Place, Dublin, CA - GeoTracker submittal (ACEHS #RO0002862)

Paresh: Stratus submitted a GeoTracker "Authorization for Electronic Submittal of Data" form for the subject site to GeoTracker on September 14. The GeoTracker system is indicating that you haven't approved this yet. We have the third quarter 2010 QM report ready to submit. Would greatly appreciate it if you could approve this request soon so we can get the quarterly report updated.

Thanks.
