Duke:

I had a meeting yesterday with our new environmental consulting firm, ERM of Walnut Creek, and they offered their conference room for such a meeting.? It may be more convenient for everyone considering where everyone is coming from.? If Walnut Creek is acceptable to everyone, I would be glad to arrange for the conference room on Thursday the 10th in the morning.

Thank you, Bruce.

The only date Donna is available to attend is Thurs (01/10) AM. If we meet then we will need to find another meeting place. Would you happen to know of a room in town? If not, then maybe we could meet at the County's office (Alameda)? Or, if Thurs AM will not work for everyone we may need to meet without Donna as Steven Plunkett is available other days. Of course, I'd want confirmation from Donna that she didn't need to attend. My purpose for this meeting is to introduce myself and DTSC, and to discuss what assistance DTSC can offer in ensuring the safety and well being of the students.

Good morning. I hope you and your families had a nice Holiday weekend.

The last we spoke we talked of scheduling a meeting the second week of January. The days I have available for our meeting are the 8th, 10th, and 11th (Tues, Thurs, or Fri) of January. I envision the County, DTSC, the Montessori School owner, the Property Owner, and the Crow Canyon Cleaner owner attending. Would everyone please let me know what day(s) and time(s) would best work with your schedules?

I look forward to working with you all on this project. Thank you for your time.

All: Our conference room is reserved from 8 until noon on the 10th, just to make sure we accommodate everyone's window of opportunity. If we think we will run up until late morning, I will be happy to have lunch brought in. I'm also happy to send directions to anyone who thinks they might need them.

Thanks and best regards,

Mike
