Subject: [Fwd: FW: Fact Sheet distribution]

Hi Steven:

Following your request, we have followed up with our client and they have indeed completed their preparation of the Fact Sheet for the property at 7272 San Ramon Rd in Dublin. They are ready to send the Fact Sheet out, but were interested in your thoughts on the questions below regarding the distribution of the Fact Sheet.

Can you please let us know your thoughts so the Fact Sheet can go out? We have initiated SVE operations and it would be good for the neighbors to see the fact sheet concurrent to these efforts.

Thanks in advance.

Mehrdad

Subject: Fact Sheet distribution

Steven,

I left a message on your voicemail about the distribution of the Fact Sheet for the Lamps Plus Center in Dublin, Your voice did indicate that you would be out of town until Monday August 17th. In any case, our questions are:

1. Would you like us to send out the Fact Sheet? We have already supplied you with a list of the parties you requested previously.
2. If we send them out, would we do so in blank envelopes – or what would be the return address on the envelope?
3. If we send them out, how would we show proof that we had sent them?
4. Any other comments you would have about the distribution of the Fact Sheet
