Paresh,

I have not received any comments and we are ready to begin the new remediation on June 7th assuming no comments are received by then.

Mehrdad,

Based on the most recent "Certification of Fact Sheet Distribution" statement dated May 7, 2012 received by ACEH from the Montessori Pre-school, it would appear that the 30-day comment period would conclude on June 6, 2012.

To date, ACEH has not received any comments from the public regarding the proposed remediation. Have you received any comments thus far?

Once the public comment period expires, any comments received must be addressed, and a Final CAP, which incorporates any public comments and ACEH's comments stated in our October 7, 2011 directive letter, must be submitted. Essentially, the Final CAP would document and memorialize the public comment period.

Please contact me should you have any questions or concerns regarding this e-mail.

Sincerely,

Hi Paresh

What is the formal date for close of the public review (and therefore the comment) period?

Also, have there been any comments to date that warrant our response? If so, can you please forward those to us?

Thanks
Mehrdad

Dear Mr. Roessler,

Once the thirty (30) day comment period has concluded and all comments received from the public are addressed, the remediation system described in the CAP may be initiated.

Paresh,

Please find attached the Certification Letter from the Montessori Pre School. Once we get the Certification Letter from Kindercare and let the 30 day period pass, possibly we can start the vapor extracton?

Thanks for the info Paresh. Have there been any public comments to date that we can work on while we wait? That way, we can look to have the response to comments and any revisions to the CAP ready immediately after June 6th.

Thanks in advance

Mehrdad
