Hello Mr. Chan,

I spoke with you yesterday and we discussed that it will be difficult to complete the schedule discussed in the attached letter you sent previously. I lost touch with the client for a while and our senior geologist is out until the end of the month. Therefore you said it would be okay to postpone the following until \*February 16.

\*Joseph Farrow  
Staff Geologist  
Questa Engineering Corporation  
(510) 236 6114 x223

### TECHNICAL REPORT REQUEST

Please submit the following technical reports to our office according to the following schedule:
