Subject: RO2894: Springtown Gas - 909 Bluebell Drive - Additional site characterization and interim remedial action implementation extension request

Tamorah,

Based upon your request, the schedule for submittal of a report describing the proposed site characterization and interim remedial actions is extended to June 30, 2010 for the above referenced case.

Regards,

Jerry Wickham

Subject: Springtown Gas - 909 Bluebell Drive - Additional site characterization and interim remedial action implementation extension request

Jerry,

Further to our conversation this afternoon, on behalf of Massod Amini Filabadi and Shahrbanu Amini, GTI would like to request an extension of the report submittal date for the work plan activities to be conducted at the Springtown Gas site (located at 909 Bluebell Drive in Livermore).

It is my understanding that our clients are currently coordinating with the USTCF regarding issues with the reimbursement process. GTI is trying to facilitate the transfer of information between our client and the USTCF, and intends to continue with semi-annual monitoring to keep the site in compliance.

We respectfully request an extension of the implementation of the work plan activities to June 30, 2010. It is our hope that this issue can be resolved, and the work plan can be implemented in a timely manner.

Please let me know if you have any questions or need more information.

Thank you,

Tamora Bryant, P.E.
