Hello Mark,

I just sent you our response to the draft work plan.

I plan on being present at the site on June 30 in order to observe the sampling. If that day and time changes, let me know. The only times next week that are not good for me are Tuesday and Wednesday mornings. Thanks

Anne,

Good morning. I hope you are well. In advance of your approval, and the ACDPW five day notification, we have penciled in a drilling team for Thursday June 30th for soil and groundwater sampling at this facility. Assuming no on-going concerns we plan on beginning at 8AM, earlier if we get approval. I very much appreciate your review and acceptance of the Work Plan. Thank you.

Mark
