Subject: RO2896 Red Star SLIC Extension Request

Jerry:

Funding for the Brownfield's program has begun, and we are in the process of organizing the construction process. We are in active communication with the City of Oakland, and interested community groups.

We currently have an extension of the original date at November 15, 2009, but we will require some additional time to get the project started.

As a result, we request an extension to February 15, 2010, and will keep you apprised of our progress.

If you have any questions and need to contact me please do not hesitate to call me at 213-705 8344 or use this e-mail address.

Thank you for your consideration in this matter.
