Subject: 7 - 25 feet accepted

Greetings Jerry-

This is to confirm our conference call today with you, Fred Stanin and me. We agreed to have the well on the Lucasey Property to be screened from 7.0 feet to 25.0 feet below ground surface.

We understand that our workplan can now move forward. As soon as the driller is arranged, we will contact all parties for field work and observation, as needed.

Sincerely,

Jim J.
Clearwater Group
