End: Thu 1/24/2013 4:31 PM
Duration: 0 hours

Phone call with John Moe of ERM. They have completed the door to door well survey and have received responses from 18 of 26 parcels. Four of the parcels have basements; basements are generally 3 to 4 feet bgs. They visited some houses three times to attempt to get response. Responses were obtained from the nearest homes. No water wells were found. They will send in the survey documentation with a risk evaluation for the basements. I has no objection to submitting the results.
