**Actual Work:** 0 hours  
**Owner:** Wickham, Jerry, Env. Health

Judy Chu called on 3/30/2006 re the NOR her parents received. They owned property for a couple years but did not do anything with the property. I explained that owners of the property where a release has occurred are required to be named as responsible parties. They will continue to receive future correspondence.

Robert Jackson of ACTS Community Development called on 4/4/2006. Concerned that remaining soil contamination is off-site and not able to remediate. He indicated that property owned by ACTS is clean. I told him that needed to understand the magnitude of the problem before making a decision on what needs to be done under the street. Need to know whether groundwater contamination or free product can affect nearby residents. Site is used as warehouse for the ACTS Gospel Church. They want to sell the site.
