Subject: RE: Former Chevron Site

Chris,

I have asked Chevron to coordinate with the City of Livermore regarding restoration of the park and to provide on-site notification during site investigation and excavation. The requested schedule is near term.

Regards,
Jerry

Jerry,
I met with Agency and City Staff and discussed the schedule. The sooner the tanks and subsequent work is completed, the better as we anticipate more pedestrian and auto traffic with the opening of the new shops, restaurants and performing arts theater. Also, would you please direct Chevron to preserve or replace any assets (trees or other) that may be impacted by the tank removal and provide public notices for this environmental remediation project? Thanks, Chris

Chris,

I am assuming that it is okay to move forward with the request for tank removal at the First and Livermore site. If your schedule changes, we can discuss it with Chevron.

Regards,
Jerry

Importance: High

Jerry,
I should be getting information from Community Development regarding the other construction projects that may effect the First and Livermore Ave. site. I will get back to you today. Thanks for your consideration. Regards,
Chris
