Mr. Wickham,

CRA, requests an extension for the submittal of the Site Investigation Report, due January 6, 2009. CRA has not been able to obtain an access agreement with an offsite property owner to advance one boring. We would like to complete the planned work before providing any conclusions or recommendations. CRA has spoken to the property owners and was told that they were reviewing the access agreement. We will be contacting the owners again and informing your office of our progress. CRA will also provide 72-hour advance notice of any field activities.

CRA is asking for a 60 day extension, with a submittal date of March 6, 2009, for the Site Investigation Report.

Please let me know if you need any other information. Thank you for your time.
