Subject: RO2931, Shore Acres Gas
Entry Type: Phone call
Company: ECS

Start: Thu 6/23/2011 9:30 AM
End: Thu 6/23/2011 9:40 AM
Duration: 10 minutes

Call Mike Sgourakis back to approve his proposed screen interval for the DPE well. He informed me that groundwater is confined and has equilibrated to 13 feet. He proposed a 15 foot screen from 5 to 20 feet so groundwater extraction and soil vapor extraction can occur.
