Thanks Steven.

However, normally we would want an approved CAP before issuing the cleanup grant. But because of our time limitations with encumbering the OSCA funds, I would need to go ahead and encumber the +\$900,000 for the proposal. I understand the CAP is not yet approved, but would you say you expect to have the comments and approval ready within say 30 days or so?

Thanks
Pat

Pat,

I have been rather busy of late, but I have found time to review the proposal submitted by Joseph Cotton. I will be providing comments on the document in the very near future.

Sincerely,

Good morning Steven.

I have the cleanup grant ready to go round here for signatures on the above project. The last I heard was that you had not received and approved the CAP, but you were approving the proposed remediation plan. Have you received the CAP yet?

Thanks
Pat
