Phone call with Debbie Patterson of Lionstone Group and John Rigter of Livermore-Pleasanton Fire Department. We discussed an April 2011 letter from ACEH that requested a Revised Closure Plan for AOC 1. ACEH and LPFD are both requesting a Revised Closure Plan. Lionstone and their consultant, Haley & Aldrich, will review the existing plan and comments and submit a Revised Closure Plan for AOC 1. If they are planning on residential for the site, the Plan should emphasize the need to achieve cleanup to residential standards. In previous discussions between Hanson and ACEH re land use, Hanson indicated that commercial land use was acceptable cleanup goal. ACEH discussed a deed restriction for AOC 1 with Hanson.

Lionstone was planning to use same contractor for implementing AOC 1 work with AOC 3 through 9 work. Going through review process could affect this plan. Removal of the underground culvert can be part of AOC 1 work.
