Dear Mr. Wickham:

In accordance with your February 27, 2007 Work Plan Approval letter for this site, this letter is being submitted to provide at least 72 hours advance notification of the start of field activities. The remediation contractor, DECON Environmental Services, estimates that site mobilization and preparation will begin approximately Tuesday June 26, with intrusive activities possibly commencing as early as June 27. We will provide you with a more definitive schedule as soon as DECON's availability becomes clearer. In particular, we will provide you with 24-hours advanced notice of planned soil confirmation sampling. Please contact me with any questions.

Very truly yours,

PES ENVIRONMENTAL, INC.
