Hi Danielle, I made contact with LAVTA & they are going to get the reports to me. Let me know if there is any additional information you have. Thanks! Donna

Hi Danielle,

Have you seen anymore information , reports, etc., on this site? I have not heard from the consultant or RP nor have we received any reports.

Additionally do you have the names & phone numbers for the Transit Authority & Gettler Ryan? The site contact phone # for Dave Masa on the transfer form is a number for a different person at a company called Wheels.

Thanks, Donna

Subject: Case Referral, LAVTA, 1362 Rutan Drive, Livermore

Dear Donna:

As we discussed, I am referring the above referenced case to your agency. Enclosed is a Contaminated Site Case Transfer Form for the above referenced site. I have spoken to Dave Massa and Beverly Adamo about the contamination. I told them that your agency will be overseeing this case and that they will need to submit a work plan to your agency. Please call me if you have any questions.

Sincerely,

Danielle Stefani
Hazardous Materials Coordinator
