**RE: Addendum to Interim Underground Storage Tank Closure-in-Place Soil and Groundwater Investigation report.**

Donna,

The information listed below and attached to this addendum has been prepared at your request to assist you in assigning this property an Alameda County Case Number and Case Officer.

**Figure 2a**

Figure 2a is included in this addendum to show the location of the underground storage tanks (USTs) in relation to the entire property. This figure also identifies the current tenants occupying the property.

**Site Address**

Previous investigations conducted on the property identified the site address as 626 Second Street. This address was used for reference with the City of Oakland Fire Department. This address is no longer the current address for the property and therefore, we propose that this address be replaced with the current address of the USTs. This address is 632 Second St, Oakland, California.
