Subject: SLIC Case No. RO0002957 Global ID #T0619730856, Selk Property, 757 Santa Clara Avenue, Alameda, CA

Dear Mr. Selk:

Alameda County Environmental Health (ACEH) staff have reviewed the case file for the above-referenced site including the recently submitted document entitled, "Preliminary Site Assessment," April 21, 2008 prepared by Golden Gate Environmental. Case closure has been requested based on the low concentrations of petroleum hydrocarbon contaminants detected in groundwater samples below residential ESLs and residual contamination does not pose a significant risk to human health or the environment.

Based on an initial review of the above-mentioned report and case file, the request case closure appears appropriate. Therefore, your site will be further reviewed for case closure. You will be notified of the results of the closure evaluation within 30 days from the date of this letter.

If you have any questions, please call me at (510) 383-1761 or send me an electronic mail message at steven.plunkett@acgov.org.

Sincerely,

Steven Plunkett
Hazardous Materials Specialist

Effective **January 31, 2006**, the Alameda County Environmental Cleanup Oversight Programs (LOP and SLIC) require submission of all reports in electronic form to the county's ftp site. Paper copies of reports will no longer be accepted. The electronic copy replaces the paper copy and will be used for all public information requests, regulatory review, and compliance/enforcement activities.

REQUIREMENTS

- Entire report including cover letter must be submitted to the ftp site as **a single portable document format (PDF) with no password protection.** (Please do not submit reports as attachments to electronic mail.)
- It is **preferable** that reports be converted to PDF format from their original format, (e.g., Microsoft Word) rather than scanned.
- Signature pages and perjury statements **must** be included and have either original or electronic signature.
- **Do not password protect the document.** Once indexed and inserted into the correct electronic case file, the document will be secured in compliance with the County's current security standards and a password. **Documents with password protection will not be accepted.**
- Each page in the PDF document should be rotated in the direction that will make it easiest to read on a computer monitor.
- Reports must be named and saved using the following naming convention:
  RO#_Report Name_Year-Month-Date (e.g., RO#5555_WorkPlan_2005-06-14)

Additional Recommendations

- A separate copy of the tables in the document should be submitted by e-mail to your Caseworker in **Excel** format. These are for use by assigned Caseworker only.
