Dear Keith,

Following up on your directive dated January 22, 2014 regarding submittal of PG&E's Phase I and Phase II reports, I am providing you with the following additional reports and information for 205-209 Brush Street which the County may or may not already have, but have not been uploaded to Alameda County's ftp site¹:

- *Underground Storage Tank Removal, 209 Brush Street*, prepared by Geomatrix, dated July 2003;
- *Letter report, Data Summary Tables and Figures, Third and Brush Street Site*, prepared by Iris Environmental dated November 19, 2001 (note errors in Table 6 location B-3);
- Curtis and Tompkins lab results #15490 dated October 2001 to supplement Iris' report;
- *Summary Report: Bulk Asbestos and Lead-Based Paint Survey, 205-209 Brush Street*, prepared by SCA Environmental, Inc. dated September 19, 2001;
- *Underground Storage Tank Operating Permit Application and Monitoring, Spill Prevention, and Emergency Response Plan 209 Brush Street*, prepared by Baseline Environmental Consulting dated May 1990;
- Port of Oakland drawings AA-2621 Construction of Fuel Dispensing Facility at Building E-413 (6 sheets) dated July 10, 1986,
- Port of Oakland drawings AA-1275 Demolition, Alteration, Construction of Buildings for Corporation Yard (8 sheets) dated December 2, 1970.

I request that you upload these deliverables to Alameda County's ftp site; I am unable to submit them under penalty of perjury because they were not prepared under my direction and oversight. If you have any questions, please contact me at (510) 627-1759 or dheinze@portoakland.com.

Sincerely,

Diane Heinze
