Stewart Soloman who is working for Anthony Batarse calls to find out the status of the site. He informs me that Anthony Batarse was unaware of the investigation that Levine-Fricke performed for OSUD. OSUD was interested in placing some buildings on the property at one time but they did not and now the property has an interested buyer. I ask Stewart to find out the planned use so we can proceed from there and since the site is a SLIC, Mr. Batarse may have to give us a deposit so we can spend time on the site. I still request that Mr. Batarse claim the site so we can move forward.

The sites were previously closed as 10500 E. 14<sup>th</sup> St. and 10550 E. 14<sup>th</sup> St. according to Mr. Soloman. The site is still an auto dealership.
