Mr. Mendoza,

Based upon the need to obtain additional technical assistance to prepare the work plan and as discussed by telephone on 07/08/2008, the schedule for work plan submittal is extended to July 31, 2008.

Mr. Jerry Wickham,

We hired Parc Environmental to perform work at 6491 Southfront Road, Livermore. They notified us last week they could provide work plan and that we needed to hire another company to provide work plan. Since we are closing our 101 Greenville Road, Livermore, location we will have the same company who provides closure plan to also provide work plan. I have two company quotes and I'm waiting for one more, Geomatrix. They will provide quote by Wednesday. You can call Jennifer Patterson at Geomatrix, (510) 663-4167) for verification. Please call me if you have any questions.
