Gentleman calls about purchasing the property across from RO2968 (Wendy's across from Strobridge). He already knows about our website and has looked at some reports. I inform him that the SWIs should have maps of any borings and for him to look if any borings have been advanced on the property he wants to purchase. Then to look at the results. He has a consultant, and I tell him to get his consultant to interpret the data as I am unable to make a determination of if he should buy the property.
