**Subject:** RE: RO2969, 15803 East 14th Street, in San Leandro, CA

**Importance:** High

Mr. Nowell:

As you and I discussed, Antea Group submitted a Case Closure Request to your office on May 30, 2012 and as of July 31, 2012 we had not received any response from the Alameda County Health Care Services Agency (ACHCSA) concerning our request for site closure. On August 7, 2012 I sent to you an email indicating that we were going to petition this site for closure to the State Water Resources Control Board (SWRCB). The next day you sent to me an email thanking me for the update and indicating that Antea needed to make sure this site is current in Geotracker. It is. Then within the next week I called and left two voicemail messages on your phone without any response. Antea Group therefore submitted a petition for site closure to the SWRCB on August 14, 2012.

If you would like to review this site and agree to site closure, then all you would need to do is contact the SWRCB and let them know that you concur with site closure and they would halt their review of Antea's petition. If you don't agree with site closure you will get a chance to state your objections prior to the SWRCB's final ruling on this site. Don't hesitate to contact me if you have any questions.

Regards,

**Dennis S. Dettloff, P.G. | Project Manager**

Dear Mr. Nolan,

Alameda County Environmental Health (ACEH) has received the August 7, 2012 letter stating it has been more than sixty days since Antea Group submitted a Case Closure Request for Unocal #6277 located at 15803 East 14<sup>th</sup> Street in San Leandro, ACEH case number RO2969. We have not completed review of the report and require more time to review it. We anticipate providing comments within approximately two weeks.

Regards,  
Keith Nowell
