SUBJECT Notification of Soil Vapor Sampling Activities
Former Exxon Service Station 79374
990 San Pablo Avenue, Albany, California

www.cardno.com

Mr. Langbin:

At the request of ExxonMobil Environmental Services (EMES), on behalf of Exxon Mobil Corporation, Cardno is notifying you of upcoming on-site sampling activities scheduled to begin Thursday, August 24, 2017. Cardno will be sampling soil vapor wells SVS1 through SVS8 at the subject site. This event is expected to last one day and will require a support truck at the work location. The well locations are illustrated on the attached Generalized Site Plan.

Cardno will make every attempt to minimize disruptions to business operations to the extent possible. Cardno will employ various pedestrian and vehicular traffic control measures (i.e., cones, delineators, and caution tape) to limit access to the work zones as necessary. These traffic control measures are designed to ensure the safety of our personnel, site personnel, and the general public.

Thank you for your cooperation. Please contact Mr. Scott Perkins, Cardno's project manager for this site, at scott.perkins@cardno.com or at (707) 766-2000 with questions regarding the scheduled work.

Sincerely,
