Mr. Langbin:

At the request of ExxonMobil Environmental Services (EMES), on behalf of Exxon Mobil Corporation, Cardno is notifying you of upcoming sub slab well installation activities scheduled to begin Wednesday, December 13, 2017. Cardno will be installing sub slab wells SS1 through SS3 at the site. This event is expected to last one day and will require a support truck at the work location. The well locations are illustrated on the attached Generalized Site Plan.

Cardno will make every attempt to minimize disruptions to business operations to the extent possible. Cardno will employ various pedestrian and vehicular traffic control measures (i.e., cones, delineators, and caution tape) to limit access to the work zones as necessary. These traffic control measures are designed to ensure the safety of our personnel, site personnel, and the general public.

Thank you for your cooperation. Please contact Mr. Scott Perkins, Cardno's project manager for this site, at [scott.perkins@cardno.com](mailto:scott.perkins@cardno.com) or at (707) 766-2000 with questions regarding the scheduled work.

Sincerely,

SCANNED
