Mr. Khatri,

Thank you for returning my call on 9/29/10 to discuss this and for confirming that since this is an AST site/spill, the two-page form applicable to USTs attached to your 5/2010 letter to the FCI did not provide the correct regulatory provisions. You indicated, instead, that as an AST spill, Alameda County has oversight pursuant to the Spills, Leaks Investigation and Cleanup (SLIC) program. I assumed I could readily find specific regulations for the SLIC program, as well as authority for Alameda County to oversee/implement it. However, I have not been able to, and I ask that you please provide citations/references to the statutes and regulations applicable to this AST site and by which Alameda County is exercising oversight (as appropriate CUPA or other authorized entity) for this site.

Thanks again and regards,
George
