Hi Keith,

Per our discussion today regarding contact information for the DTSC toxicologists who I spoke with regarding TCE in indoor air and notifications or restrictions for pregnant women and women of child-bearing age, I have attached HHRA Note Number 5 which has the contact information for Kimberly Gettmann on the front page, and her supervisor Michael Wade if she is not available (Kimberly said that she will leave on maternity leave in 1 to 2 weeks).

The contact information for Uta Hellmann-Blumberg at DTSC is:

Uta Hellmann-Blumberg, PhD

Sacramento, CA 95826

Please let me know if you need any additional information.

Thank you!
