

12/14/2016 Phone Log- RO2981 Red Hanger Kleeners, 6235-6239 College Ave., Oakland

Duration: Approximately 40 minutes (total)

Had a voice mail from Jonathon Redding re an electronic mail sent yesterday outlining recommendations for moving the case forward. The electronic mail also contained attachments with contact information for former dry cleaner owners/operators.

Just as I finished listening to the voice mail, Mr. Redding called, asking about receipt the electronic mail. I opened the electronic mail and confirmed what I had received. Our discussion included the scheduling of my response to the Conclusion and Recommendation section of *Interim Remedial Action Progress Report* (RAPR). I thought I may be able to respond to at least some of the recommendations prior to my holiday vacation. We briefly touched on RP identification as it relates to SCP cases.

As I wrapped my call with Mr. Redding, Dilan entered the office. Dilan and I participated in a conference call to Mr. Redding. Mr. Redding reiterated the performance of the sub slab and VES systems, site history as it pertained to utility surveys, and agenda for our January meeting. Dilan indicated she was out the week of January 2 (through 6th), so meeting dates for the following week were discussed. The meeting time and date will be confirmed at a later time. It was decided that ACDEH would not respond to the RAPR, but would discuss the action items in the January meeting.

In the meantime, ACDEH will forward a VRAP agreement to be reviewed by Mr. Redding.
