Received a call from Mark Kannett of Watertower Associates. They recently purchased the property in mid 2007. The previous owners had performed an SWI in February 2007 which was uploaded to the ACEH ftp site in 2008. Mr. Kannett called to inquire about the letter I sent to have the site claimed. He did not receive it till today since it was sent to an old address. I gave him an extension to claim the site by October 31, 2009 and requested that he send the updated contact information for his company and the company who requested the SWI so I could send a copy of the letter to them.
