Entry Type: Phone call
Start: Thu 5/7/2009 4:37 PM
End: Thu 5/7/2009 4:37 PM
Duration: 0 hours

Phone call with Becky Sterbentz of Aquifer Sciences 925-283-9098. Discussed site conceptual model for release from the two closed-in-place USTs. She is considering plotting samples and tanks on a detailed cross section. I indicated that a schedule extension would be acceptable in order to plot data more accurately. Cross section would be reviewed in a work plan.
