Returned call to Carla Hilton (former property manager for McPhee, who owned the property) at 650-576-2550. She stated that they submitted all documentation to ACEH for the UST system. I informed her that we are interested in the previous UST system utilized at the site and not the current system. Carla stated that the previous USTs were removed by others prior to McPhee's ownership and re-development. She stated she would respond in writing regarding our request for information.
