Hello Mehrdad,

I have started to review the case file and noticed that the site has not been claimed in GeoTracker, rendering the site to non-compliance status, which limits our ability to review and respond to your submittals. Please claim the site and upload the required reports and data as soon as possible.

Please contact me should you have any questions regarding this e-mail.

Sincerely,

Hi Paresh-

Just wanted to follow up to see if you've had a chance to review the brief project file for the above-referenced site. As you may know, Mr. Gabriel Chui, the owner of the property, is in a time-critical situation related to the loan on the property, which is in part tied to the status of environmental impacts at the site. As indicated in the available site reports, the extent of subsurface impacts at the site are minimal and below relevant screening levels; hence, Mr. Chui's interest to open a case with the County with the hope of a timely closure.

On his behalf, I would appreciate a chance to discuss with you your thoughts upon review of the available site reports so that we can discuss a roadmap to site closure. Please let me know your availability and a good time to discuss. I am best reachable at 415-706-8935.

Thanks in advance.

Regards,
Mehrdad Javaherian
