>> Hi Paresh-

>>

>> Following our conversation on Friday, I have uploaded to your ftp site the workplan addendum for the above-referenced site. I have notified via email your file manager accordingly.

>>

>> As discussed, the workplan addendum is very brief and includes the missing appendix (field procedures) from the original workplan and incorporates your request for sub-slab vapor sampling. We would greatly appreciate your timely review of this brief addendum so we can proceed with the investigation and intended timely closure.

>>

>> Lastly, as you have already seen from the original workplan, we intend on performing an area well survey. Attached is a well survey agency release form warranting your signature for performing this survey. Can you please sign and return to me?

>>

>> Thank you and please let me know if you have any questions. I am reachable on my cell at 415-706-8935.
