Mr. Griffin:

Attached please find a copy of the request for agency review I believe we spoke about several weeks ago. This transmittal contains the original tank closure report as an attachment and a presumptive description of a technical study that may be required (in the event you find the site not immediately warranting closure).

If your review finds the file closure-ready, please let me know. If you find that additional study is warranted, could you let the ACEH know by the customary channel?

My thanks.

No. I had mis-named it in the earlier email. It's near Jefferson and the owner refers to it as Jefferson and in some of my old notes my brain writes 645 Jefferson.

It's 645 Fourth.

I'll send Leroy another copy.

Thanks for checking!

Markus

Happy Easter!

It was nice seeing you the other day. I'd very much enjoy at your convenience chatting on the larger issues. When you have a free moment drop a line and we'll compare calendars.

Meantime ... did Leroy ever forward the form for the property at 645 Fourth? The owners ask me often as to status and I have to keep telling them the same thing. If he did and its in the queue that would be fantastic.

Thanks for your help. Talk soon.
